"That said franchise will be granted and shall be held and enjoyed only upon the terms and conditions herein contained and the said Grantee must within thirty (30) days after the passing of the ordinance granting such franchise, file with the Clerk of the Board of Trustees a written acceptance of the terms and conditions therein expressed.

"The term 'Grantee' whenever used herein shall be held to include the Grantee or its successors or assigns.

"That the Grantee of said franchise shall have the right to construct and maintain such traps, manholes, appliances and attachments as may be necessary to properly maintain the pipes, pipe lines or conduits laid or constructed under said franchise, and said traps, manholes, appliances and attachments shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees in regard thereto, and not to interfere with the use of the highways, streets or alleys for travel.

**Twelve Distinct Volumes of Tone**  
All Clear and Unmuffled

It is the clarity and purity of Cheney tones which makes them wonderful.

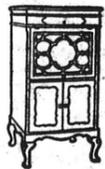

Even though Cheney tones are amplified or diminished in volume, they are clear and unmuffled, because **The Cheney controls tone at its source.** Instead of doors or other devices for shutting off the tone, The Cheney controls the production as a singer modulates his voice—where it originates.

A needle adjuster which regulates the length of the needle for each of four different weights of needles gives twelve separate volumes of tone. The range for every record is from a delicate pianissimo to full orchestral effect.
